

# Must Work Together

## Asks Unity of Leaders

**By Clyde Blackburn**  
NEW YORK, Sept. 23.—(CP)—Trygve Lie, secretary-general of the United Nations, appealed today to warring big powers to reconcile their differences and warned that without willingness to compromise no peace-keeping machinery could be effective.  
In his address to the general assembly, Lie made no direct reference to the Secretary General of the United States or Andrei Vishinsky, Russia's deputy foreign minister, who scored the policies of Russia and the United States respectively in earlier assembly speeches. But it was clear that his appeal was aimed at them.  
"The indispensable condition for peace is that nations with different social systems and different interests shall strive to live and to work together, side by side, in peace," Lie told the delegates of 55 countries at the close of the assembly's week-long general debate phase.

### Again Hits U.S.

**Vishinsky Unrepentant**  
**By Clyde Blackburn**  
NEW YORK, Sept. 23.—(CP)—Andrej Vishinsky, Russian deputy foreign minister, today attacked the United States in the UN general assembly, warning that if members of the big powers would not emerge their differences and turn to co-operation for peace.  
Vishinsky took up the draft agenda submitted by the steering committee the Soviet Union had proposed, and attacked the United States for its second opportunity to delay the assembly.  
He chose the items of Korea and the Italian peace treaty, both on the draft agenda, to launch his first attack on the United States.  
He charged that the United States had violated the charter by

# Canadian Trade Commission off on South African Tour

Three members of the Canadian Trade Commission left for Johannesburg today to begin a tour of South Africa.

# South African Traders Urged Send More Exports to Canada

JOHANNESBURG, South Africa, Sept. 23.—(CP)—Canadian Trade Minister James A. MacKinnon said today that South Africa had moved up to become Canada's third largest trading partner in the world and urged South African traders to get busy and send more exports to Canada.  
MacKinnon, who is on a tour of South Africa, said that the value of trade between the two countries had increased from \$40,000,000 in 1936 to \$250,000,000 in 1946. He said that the Canadian government was prepared to accept orders for delivery within a reasonable time for every product on display.

### For Princess Elizabeth

# City to Send Food As Wedding Present

The City of Edmonton will send food parcels to the people of the Royal Borough of Edmonton, London, England, as a wedding gift to Princess Elizabeth.

## Distress Resident Injured in Crash

An Edmonton district man was injured today when his car was struck by a truck. The man was taken to the hospital and is expected to recover.

## Police Find Slayer Attacked Girl, 11

OWEN SOUND, Ont., Sept. 23.—(CP)—Authorities said last night that a 12-year-old girl was attacked and injured by a man in a park near the city center. The man was taken into custody and is being held for questioning.

## Radical New Control Method Offered

VANCOUVER, Sept. 23.—(CP)—A radical new method for controlling the spread of disease has been offered by a group of scientists. The method involves the use of a special vaccine that can be injected into the body.

## Vancouver Doctor Believes Dreaded Polio May be Caused by Eggs Not Properly Cooked

VANCOUVER, Sept. 23.—(CP)—A Vancouver physician has announced that he believes the disease of poliomyelitis may be caused by eating eggs that have not been properly cooked. He said that he had found that the virus of the disease could survive in eggs that were not cooked thoroughly.

## Manitoba's Polio Cases Number 544

WINNIPEG, Sept. 23.—(CP)—Manitoba's 1947 total of poliomyelitis cases now stands at 544, according to the recording of three more victims, two from the Winnipeg area and the other from a rural district. The three actually would have been included in the total of 544 if the province had not been hit by a severe drought.

## Jobs for Miners

LONDON, Sept. 23.—(Reuters)—All ex-miners serving in the Royal Navy may volunteer to serve in the mines. The Admiralty announced last night that they must be able to serve in the mines.

# Bulgarian Rationing

## To End Soon

SOFIA, Sept. 23.—(AP)—Nikola Petkov, peasant leader and foe of the Communist party, was hanged at 12:15 a.m. today in Sofia's central prison on charges of plotting against Bulgaria's Communist-controlled government.

## Call for Removal Ceilings on Meat

CALGARY, Sept. 23.—(CP)—Immediate removal or price ceilings on meat was urged today in a resolution passed by a meeting of the Council of Canadian beef producers.

## Producers Argue That Meat Prices Should Be Lowered

THE PRODUCERS argued that removal of price ceilings on meat after the current drought and perhaps precipitate another strike, and therefore it would be better in the long run to remove the ceilings and let the market take its course.

## Ontario Premier Asks for Early Election

ONTARIO, Sept. 23.—(CP)—A meeting in Toronto of provincial ministers of labor to "explore every possibility of reaching some understanding by which work can be resumed immediately in the packing plants across Canada," has been suggested by Ontario Premier Dufferin.

## May Make Term Two Years

WASHINGTON, Sept. 23.—(AP)—The Senate today passed a bill to make the term of the mayor of New York City two years.

## City Will Take Vote Length Mayor's Term

Voters at the Nov. 5 election will have the opportunity to ballot on the question of whether or not they desire to have a two-year term for mayor.

## Report U.S. Buys Food from Canada

LONDON, Sept. 23.—(AP)—The New York Chronicle said today that the U.S. government had bought food from Canada for the purpose of feeding the poor in the United States.

## Crops in Ontario Hard Hit by Frost

TORONTO, Sept. 23.—(CP)—Ontario's crops suffered damage today from a hard frost. The frost was particularly severe in the Niagara district, where the temperature plummeted to as much as eight degrees below freezing.

## Mass Starvation Far East Threat

STRATFORD-ON-AVON, Warwickshire, Sept. 23.—(AP)—The British government today warned of a threat of mass starvation in the Far East.

## Man-Created Lake Fulfills Castor Dream

By W. L. Sharplin

CASTOR, Sept. 23.—Not often does a town have the opportunity of creating a lake at its back door, but Castor is in this happy position. The pleasant dream is about to materialize according to the blueprint tabled at the council meeting recently. The blueprint, together with commitments from farmers whose land will be flooded, and an application for a dam made to the PFRA by the council.

**THE DAM** is to plug the valley of the Castor Creek and create a lake about three miles long, varying in width from a few, to several hundred yards.

Since water will be 22 feet deep at the dam, efforts to stock the lake with perch and pike will be attempted by the Fish and Game Society.

The valley to be flooded long has been a favorite picnic spot for town people. The lake will reach to within one-half mile of the town limits and the dam itself is only three-quarters of a mile off the Hanna-Viking highway, just north of Castor.

The municipal district council believes an all-weather road may be constructed to the dam as soon as the provincial government makes

an all-weather highway of the Hanna-Viking highway.

Serving a most useful purpose from the viewpoint of Castor and district residents, the dam also will be a good pleasure spot. Farmers on either side of the lake will be assured of an adequate supply of water for their cattle and in addition may well be able to irrigate several acres of farm land.

Beyond the dam other cattle raisers are assured of water, as a pipe in the bottom of the dam itself will be opened whenever necessary to replenish water in all the "pot holes" in the creek bed.

An estimated 400 head of cattle as a minimum, will be served by this project to be constructed entirely by the PFRA.

this twentieth-century metal certainly Gets around!

### IT GETS AROUND...THE WORLD

Every country in the world is today buying Canadian Aluminum produced at Arvida, Canada, home of the largest Aluminum smelter in the world. The "Alcon" ingot has become a major factor in world trade—and a valuable source of the foreign exchange which Canada needs to cover her own buying abroad.

**ALUMINUM COMPANY OF CANADA, LTD.**

Producers and Processors of Aluminum for Canadian Industry and World Markets

### Edmonton Visitor

ANDREW, Sept. 23.—Andrew Filipech, Edmonton and formerly of Andover, paid a visit recently to his father John Filipech and brother Metko. Mr. Filipech taught in the Andrew public school for three years and served four years with the RCMP overseas. He is at present a post graduate at the University of Alberta.

While hunting wild duck recently, John Filipech of Andrew met with a serious accident when his gun discharged and inflicted serious injury to his shoulder. He was rushed to an Edmonton hospital where his condition was announced as serious.

A farewell party for Mr. and Mrs. Andrew Filipech was held recently in the Andrew Silver Glove hall. They were presented with gifts.

Ralph Lopatka, winner of a \$3000 Rurary, has left to attend the University of Alberta.

### Construct Risk

ROSALIND, Sept. 23.—Combined efforts of local businessmen and farmers has speeded up construction on the local curing rack. The foundation is laid and construction of the building is under way.

George Walter, 75-year-old resident of Rosalind returned recently from Minnesota where he visited friends and relatives. He was accompanied by his sister of St. Cloud, Minnesota.

Arlene Alkermest has returned after a month's vacation at Sardis and Vancouver Island. While on Vancouver Island she spent a week with her great-grandmother, Mrs. H. Henderson, and her uncle, Wesley Henderson who motored from their home in California. Miss Alkermest was accompanied by her grandmother, Mrs. Walter Henderson of Camrose.

### Women's Group Meets

OLDS, Sept. 23.—The WMS of Knox United Church held a meeting recently at the home of Mrs. C. Yanch. Mrs. G. Halseton presented the first study of a new book. There also was a display of Bibles printed in various tongues. The local post of the Canadian Legion made arrangements for

### Trains For Missions

STETTLER, Sept. 23.—Miss R. A. Stettler, formerly of the nursing staff at the Stettler Provincial Health Unit, will leave shortly for Toronto to undergo a period of training before leaving for the Anglican mission field in Hong Kong.

A special service of farewell and dedication was held recently in St. George's Anglican Church, Stettler, for Miss Ingram, who has been a devoted member of its congregation during her two years of public health nursing in Stettler.

At a reception held after the service in the Parish hall, she was presented with a travelling bag and while on her way to Hong Kong, Young People's Association, and the congregation.

### Scouts Foster Cubs

CAMROSE, Sept. 23.—It was decided by the Boy Scouts here to set up a cub group as an auxiliary to the scouts. Mr. Ackerman, of Lethbridge, has had long experience in cub leadership, and has agreed to accept the responsibility for the endeavor. The scouts are planning to hold their annual dinner this fall when parents and those connected with the Boy Scout movement will be invited.

### Legion Auxiliary Meets

OLDS, Sept. 23.—The local branch of the Ladies Auxiliary of the Canadian Legion opened the season with a meeting in the Parish Hall last week. An honor roll for World War Two is being ordered from Ottawa. The temporary building which had been planned on the site of the old school is ready for occupancy, and the students at the present time are housed in the old school building until such time when the new quarters become available.

**Students Hold Dance**  
GLENDON, Sept. 23.—Glendon Students Union sponsored a dance recently to pay for a movie projector for the school.

The Rev. and Mrs. Alex Ness visited friends and relatives here recently. Mr. Ness was a former pastor of Glendon Pentecostal Church.

Mervin Eswahk has returned to Edmonton to enter the faculty of education at the University of Alberta.

H. P. Padell has returned after an appendicitis operation in an Edmonton hospital.

Mr. and Mrs. Howard Smiley of Portland, Ore., were recent visitors.

### Elected President

HANNA, Sept. 23.—The Rev. H. J. C. Brandt of Hanna, was elected president of the Aurora Federation at a Lutheran rally held the Christ Lutheran Church in Edmonton recently. John Wilton of Hanna was elected vice-president.

Miss Elsie Wittchen, Hanna, also attended the rally. The Rev. Brandt took part in the dedication of the church.

Mr. Fred Miller, one of the victims of a gasoline explosion in her home last November, has returned home, after spending nine months in the hospital.

**Attend Funeral**  
PERINTOSH, Sept. 23.—Mrs. Grace Coykendall and Mrs. Patricia Coykendall held the funeral of Mrs. Joseph Coykendall, aunt of Mrs. Coen, Mrs. Anne Oliver of Valley. She is a guest of her brother James Willows. She expects to remain here two weeks.

**Hold Club Meeting**  
PERINTOSH, Sept. 23.—The Junior Crafts club held a meeting at the home of Mr. and Mrs. H. J. Bean recently. The club is sponsored by Mrs. Lester Campbell and officers are: president, Melba Nesbitt; secretary-treasurer, Clara Simon; superintendent of work, Ada Nesbitt; refreshment committee, Clara Simon and Nora Nesbitt.

The Rev. John Thorne and family motored to Vinant, recently where Rev. Thorne conducted a prayer meeting. They spent the night at the home of Mr. Thorne's brother, Albert Thorne.

Mrs. Emily Hake is a guest of her daughter, Mrs. James Patterson in Edmonton.

**Attend At U. of A.**  
SYLVAN LAKE, Sept. 23.—The town of Sylvan Lake is expected to have a big representation at the University of Alberta this term. A list of students expecting to attend includes: Les Marjane, geology; Marjane Fisher, commerce; Norman Speedie, commerce; Roy Colman, electrical engineering; Betty Walker, arts; Dick Cameron, chemistry; Donald Cameron, chemistry; Alexander McCrimmon, chemistry; Eleanor Cameron, nursing; George Cameron, education; and G. W. Paul, former principal of Sylvan Lake School, will complete his bachelor of education degree.

**Graduates Honored**  
WILLINGDON, Sept. 23.—Willingdon high school held a banquet recently in honor of the 1947 graduates. The Col. Reid Chapter GDS sponsored the banquet. The graduates were: Anne Andriate, Lloyd Dawney, Marjane Dubinski, Eugenia Hayley, Willis Kolodyak, Anne Laszlo, John Radys, Marjane Russ, Henry Shewchuk, Nick Thakob and George Zukavik.

Eugenia Hayley gave the valedictory address. Principal of the school announced that Department of Education scholarships were won by Miss Andriate, Miss Dubinski, and Anne Andriate. Willis Kolodyak won a \$500 honor prize from the University of Alberta.

### I Saw Today

H. E. NICHOLLS walking at a brisk pace on his way to the Legislature today.

**"Pat" Driscoll** plugging the switchboard at the Imperial Oil company on his way to make a few inspections for the city health department; Tommy Clark here on one of his regular business trips from Winnipeg; Marlene Lewis also from Winnipeg, connecting here with members of the Junior Chamber of Commerce.

Other organizations and he and Mrs. Smith were especially active in the St. John's Anglican Church.

There have been several farewell parties given in their honor, both private and by the organizations to which they belonged. This week St. John's Anglican church Sunday school and evening W.A. entertained in the Parish Hall and presented them with a large check for \$100.

Mr. and Mrs. H. E. Nicholls and Eastern Rites entertained in the Masonic Hall on their honor.

**Lutheran School Opens**  
CAMROSE, Sept. 23.—Camrose Lutheran College opened their fall term with a total registration of 130 students. The temporary building which had been planned on the site of the old school is ready for occupancy, and the students at the present time are housed in the old school building until such time when the new quarters become available.

**Fete A. R. Brown**  
LLOYDMINSTER, Sept. 23.—A complimentary dinner was held recently for A. R. Brown, well known resident here, who is leaving here in the near future. The fete was held by the Board of Trade and Lloydminster district.

Tributes were expressed by O. C. Yates, president of the Lloydminster Board of Trade, Charlie Mosley, member of the local Rotary Club, U. V. Miner and other prominent businessmen.

Mr. Brown was an active member of the Board of Trade, Rotary Club, and local horticultural society. He was presented with a club bag as a token of the town's appreciation.

**Bawlf Legion Elects**  
BAWLFE, Sept. 23.—O. Padum was elected president of the Canadian Legion for the Kelsey, Rosalind and Bawlf areas, at a meeting held here recently.

Other officers selected for the ensuing year are: vice-president, C. Sargent; secretary, D. Thorne; treasurer, C. Hergott; executive committee, Bert Stull, J. Kirkpatrick, S. Lindroth, J. Brimcom, P. Lafreniere, and R. Akre. It was decided that the regular monthly meetings of the branch will be held on the first Sunday of each month. Plans for the election of a Crenothap were discussed.

The branch plans to take an active part in sports, and will enter one hockey team and two curling clubs in provincial league play. Bert Stull is convener of the sports committee.

**Injured by Recoil**  
ROSALIND, Sept. 23.—Andrew Cross, farmer of the Rosalind district, suffered serious injury recently when his rifle exploded as he was about to shoot at a coyote in his farm yard. The force of the rifle recoil caused the butt to strike Mr. Cross in the face with serious injury to his eye and cheekbone. He was rushed to the Camrose hospital and will be moved to Edmonton as soon as his physical condition permits.

Teachers from this district, E. G. Skatetier, Elaine Parker, Mrs. E. MacDonald, Jean Woods and Mrs. E. Schewe, attended a teachers convention in Camrose recently.

**Officers Elected**  
OLDS, Sept. 23.—The local high school elected the following officers for the coming year: Murray Malton, president; Don St. Clair, vice-president; Albert Bunkley, secretary-treasurer; Morris Kirk, social convener; Alberta Carter, sports convener; Murray Dudgey, literary convener; Lilian Miller, year book editor; and Eugene Leach, press correspondent.

**Phone Service Poor**  
LLOYDMINSTER, Sept. 23.—At a recent meeting of the Lloydminster Board of Trade many complaints were heard from town citizens in regard to poor telephone service. It was decided to take the matter of improved service up with telephone authorities. Possibilities of a new switchboard to speed up service were also discussed.

The erection of an identification sign at the intersection of the Jasper Highway and Meridian was suggested. Lack of hotel accommodation was another point under discussion.

**Bowel Irritation**  
The number of people suffering from bowel irritation is increasing. It is a condition which is often overlooked and which can be very serious if not treated promptly. It is caused by a variety of factors, including poor diet, lack of exercise, and stress. It is important to seek medical advice if you experience any of the following symptoms: abdominal pain, bloating, constipation, and diarrhea.

## Canadian Wages Higher This Year

OTTAWA, Sept. 23.—(CP)—Total Canadian wages, salaries and supplementary labor income in the first half of 1947 was estimated at \$243,000,000, an increase of \$410,000,000 or 17 per cent over the same period of 1946. The Dominion bureau of statistics reported Sunday.

More than half the increase in the first six months of this year occurred in the second half of 1946. The two groups accounting for \$243,000,000 were manufacturing and construction, where labor income in the first half of 1947 was from \$6 to 40 per cent higher.

At the same time, agriculture showed a decrease of almost 30 per cent which was due entirely to a reduction in the number of workers.

The number of paid workers employed in Canada increased by about four per cent between June 1, 1946, and June 1, 1947.

The increase of income indicates the average income of wage earners has not increased as much as total labor income. In the same period, the cost of living index rose 10 per cent, so that the rise in prices to a considerable extent offsets the increase in workers' income.

**Delegate Returns**  
HANNA, Sept. 23.—Lorne McBeth of Hanna, a delegate to the International Convention of the Brotherhood of Locomotive Firemen and Engineers in San Francisco, has arrived home. He was accompanied by Mrs. McBeth.

The speaker of the Board of Health for Hanna and district is \$1500. Mrs. D. H. Elliott will captain the residential district and the assessors who will take part in the drive are: Mrs. M. Baldwin, Mrs. H. K. Redding, Mrs. W. Fink, Mrs. H. H. Hargreave, Mrs. Herbert, Mrs. S. Hougham, Mrs. McDonald, Mrs. C. Mayor, Mrs. C. Mohr, Mrs. J. Morrison, Mrs. Sinclair, Mrs. A. Stubbs, Mrs. A. Talmage, and Mrs. Winkler.

Mr. and Mrs. Colin McDonald recently returned home after spending a month's holiday in Eastern Canada. While in Montreal they met their son, Pte. Ashley McDonald of the Princess Patricia's Canadian Light Infantry.

**Fete A. R. Brown**  
LLOYDMINSTER, Sept. 23.—A complimentary dinner was held recently for A. R. Brown, well known resident here, who is leaving here in the near future. The fete was held by the Board of Trade and Lloydminster district.

Tributes were expressed by O. C. Yates, president of the Lloydminster Board of Trade, Charlie Mosley, member of the local Rotary Club, U. V. Miner and other prominent businessmen.

## WHAT COUNCIL DID

### City Council Ratifies Employees' Wage Boost

City Council Monday night, by an eight-to-two vote, ratified wage increase agreements reached with three civic unions for 1947 and 1948. The unions in question were Civic Union No. 30, the Police Association and the Firefighters' Union.

The wage increases granted these unions are the same as that given the transit system workers. The agreement calls for the payment of a bonus of \$1.00 to compensate for cost of living between Jan. 1 and June 1, 1947, and a nine-cent an hour increase from June 1 to Dec. 31, 1947. The basic wage was established at the same cents an hour increase to be the basic wage rate for 1948.

Alfred James H. Ogilvie and Fred J. Mitchell voted against the motion concurring in the commission's action in negotiating these agreements.

Mr. Ogilvie was critical of the commissioners presenting verbal reports on such important matters as wage increases, and suggested there should be no action taken without a full report of the cost of the increases to the city before council.

**JOINT TAG DAY**  
Received a communication from the Lady Aberdeen League seeking inclusion in the 1948 combined war effort drive. The city commissioners for consideration, if such a tag day is allocated for 1948.

**PROPERTY REZONED**  
Concurred in the recommendation of the Town Planning Commission that lots 3, 4, and 5, block 8, Parkdale, be rezoned from the south side of 118 avenue, be rezoned from "C" three-story business district.

**REQUEST REFERRED**  
Deferred to the Town Planning Commission for a report a request from A. M. Berry and associates seeking purchase of the site of the old north of Waverdale Hill and west of 101 street for a site for an ultra modern "motel" or auto camp.

**VOTE \$40,000.**  
Amended a recommendation from the finance committee authorizing a \$120,000 additional appropriation for the city engineer's department to meet additional cost of expenditure for 1947, and fixed the amount of the appropriation at \$40,000 pending a further report from the commissioners on the reason for the over-expenditure.

**GRANT \$2,000.**  
Concurred in the recommendation of the finance committee that a grant of \$2,000 be made for the year to the Strathcona Branch of the Canadian Legion toward the construction of a Memorial Hall.

**AUTHORIZE BUY.**  
Concurred in the commissioner's recommendation that an hourly bus service be established to serve the districts north of 118 avenue west to 101 street.

**REJECT REQUEST.**  
Accorded 131 commissioners recommendation that Forest Heights subdivision be not included in the inner taxation zone.

**AUTHORIZED UTILITIES.**  
Authorized construction of sewerage facilities to a proposed Forest Heights school at a cost of approximately \$20,000, and also the construction of a water main to this school provided the Edmonton Public School Board accepted responsibility for payment of the estimated \$4,000 this project will cost.

**AUTHORIZED PURCHASE.**  
Authorized the purchase of 37,264 feet of pipe insulated, lead covered underground telephone cable for installation in various locations throughout the city. The purchase will be made from The Northern Electric Company Ltd.

**10,000 Attend La Guardia Rites**  
NEW YORK, Sept. 18.—(AP)—New York said it lost farewell to Fiorello H. La Guardia Monday at a solemn funeral service in the Cathedral of St. John the Divine.

Ten thousand persons, a record congregation for the huge Episcopal (Anglican) cathedral, gathered in a final gesture of respect to the little fire brand who as mayor led the city through the United States' largest city in the years of recovery from depression and during the second World War.

Dignitaries led by Governor Thomas E. Dewey and Mayor William O'Dwyer were prominent in the throng of mourners. Representing Canada were Rt. Hon. Louis St. Laurent, secretary of state for external affairs, Minister J. L. Halsey, and Walter G. Gordon, OBE, M.P., director of war services, a native of Chelmsford, who served overseas throughout both world wars.

**Army Paymaster Intends to Retire**  
OTTAWA, Sept. 18.—(CP)—The man who saw to it that Canadian soldiers in the field during the Second World War got their pay regularly is retiring from the Canadian Army shortly after more than 35 years of service, it was announced Monday. He is Col. H. T. Gordon, OBE, M.P., who served overseas throughout both world wars.

## Woodward's WEDNESDAY MORNING SPECIALS!

Store Closes at 12:30 p.m.  
NO PHONE OR C.O.D. ORDERS

**STEEL VENETIAN BLINDS**  
Finest quality, all frame steel in attractive ivory shade. These blinds are fitted with all the modern devices for easy operation. Stock sizes from 28 inches to 48 inches wide, by 64 inches long. \$52c

**LADIES' SLACKS**  
Extraordinary value - don't miss this splendid opportunity to purchase a pair of finely tailored slacks. Styles of popular corduroy and wool fabrics. Shades of red, green, blue and brown. Sizes 12 to 20. \$5.00

**WABASSO COTTON SHEETING**  
Cotton sheeting remnants - one to two and a half yard lengths in all sizes, for double, three-quarter or single bed. Reduced for Wednesday morning clearance. \$98c

**COSTUME JEWELRY**  
For a dress-up look with all your ensembles. This lovely costume jewelry: beautifully designed brooches, necklaces and earrings in a variety of styles. A Woodward's SPECIAL \$2.49

Wednesday at the Trocadero  
On Sale in Woodward's Ready-to-wear Dept.  
SPONSORED BY THE QUOTA CLUB

**NuBack's Scientific "Action" Back**

**PREVENTS RIDING UP**  
**ALLOWS FREEDOM OF MOVEMENT**

New comfort, new freedom for the active woman  
With NuBack! Like no other foundation on the market!  
It's designed for those who demand the best. A curved slash at the back, with an overlap of material slides up or down with each movement whether you bend, stoop, or twist! This "action-back" prevents garter strain, riding up, front waistline cutting. There's NuBack for every figure type—a girdle, corset or corselette—but you must be properly fitted! Sketched—a front-face foundation.

Sold at Leading Stores Everywhere.

**Only NuBack has it!**  
The Supply Foundation

**ANOTHER Dominion Corset Creation**  
GOTHIC Bandeaux • GOTHIC Brassieres • LELONG Foundations • AERA BACK Foundations by D. & A.

Also from this well-known house:

**Pimples**  
If you suffer from pimples, acne, skin blemishes, etc., you should use this product. It is a scientific formula for clearing the skin and preventing future outbreaks. It is sold in all drug stores and is highly recommended by dermatologists.

# Clinching of Pennant Climaxes Hectic Year

BROOKLYN, Sept. 23.—(AP)—Brooklyn has "lost" the National League pennant so many times since April that news of the official flag clinching Monday still awaits confirmation in some sector of flabbergasted. They won't believe it until they try to buy a World Series ticket.

Hope blossomed in March while tales of rookies' deeds crackled from Havana and Panama. Then it happened.

HAPPY Chandler had manager Leo Durocher on the verge of a team-calling contest with Larry MacPhail. Larry, who had the whole and happy day of the test.

"Suspended from baseball for the 1947 season," was Chandler's order to Durocher on April 4, less than a week before opening day. Without their peerless leader, Durocher—batter and pitcher—manager, the Dodgers cause was hopeless. That was when the pennant first was "lost."

PRESIDENT Branch Rickey pulled a rabbit out of the hat—60-year-old Bert Shotton.

Brooklyn fandom accepted the little-known Shotton as a stop-gap boss, crossed off 1947 and again last year as about "wait till next year when Leo can be back" (Maybe).

Shotton, actually well qualified for the job although he had not managed in the big leagues since he did a stretch with the Phillies 1928-33, wasn't named until April 18, three days after the season had opened.

The pennant was "lost" again, May 3, when Ricketts' pitcher Kirby Higbe, his 17-game winning pitcher, lost a game to the Phillies, and the Dodgers to Pittsburgh for a reported \$200,000 in cash and an outfielder named Al Glickstein.

Even before Shotton came to Brooklyn, after one of Durocher's final battles with Rickey on the field, the Dodgers had brought up Freddie Robinson from the minors.

A first baseman. The first negro to break into modern organized ball was installed at first base and never ousted.

The job was a tremendous gamble at the time and the former UCLA football player started slowly, under back-breaking pressure. He went hitless in his first 20 at bats but soon gathered a 16-game hitting streak and later ran off a 25-game string.

Robinson's base running, speed and hitting have been important factors in the championship team, at least indirectly as the contribution of any other single man. He is in the running for rookie-of-the-year.

The Brooks took over first place permanently July 4 and never gave up despite a heart-breaking loss when President Field ordered a replay of a July 20 victory over the Cardinals because of an error in the home team's lineup.

THE NEXT day they lost to the Cardinals because of an error in the home team's lineup. The Brooks took over first place permanently July 4 and never gave up despite a heart-breaking loss when President Field ordered a replay of a July 20 victory over the Cardinals because of an error in the home team's lineup.

Brooklyn's success was a team triumph. No one player stood out above the rest.

Gift Bear Can't Fly  
"Annual Greetings"  
Give Aussies Fright

TORONTO, Sept. 23.—(CP)—The simple exchange of "annual greetings" between newspaper men in Canada and Australia almost caused an international incident between the two Dominions, it was learned Sunday.

THE AFFAIR "on a diplomatic level" was nearly brought about when it was learned that Toronto newspaper men and women were going to send "Miss Blythe of 1947"—a bear cub—to the Sydney Journalist Club as a guest at their Front Page Ball.

"Miss Blythe" better known to her friends as Louise—was to represent the Toronto Press Club at the ball in recognition for the Sydney Journalist Club.

When it was learned that Toronto newspaper men and women were going to send "Miss Blythe of 1947"—a bear cub—to the Sydney Journalist Club as a guest at their Front Page Ball.

"Miss Blythe" better known to her friends as Louise—was to represent the Toronto Press Club at the ball in recognition for the Sydney Journalist Club.

# Louise Suggs Cards 78 to Top Medalists

DETROIT, Sept. 23.—(AP)—Louise Suggs, the West-end champion from Lithia Springs, Ga., firing the only under 80, captured the medalist honors in the 47th United States Women's amateur golf championship yesterday with a 37-41-78.

Shooting in four holes in a brilliant stroke-hole streak midway through her 18-hole qualifying round, Miss Suggs coasted to her medalist laurels by a three-stroke edge over six-time champion Mrs. Beulah Lawson, 74, of Greenboro, N.C., 121 Peggy Kirk of Reading, O., and Helen Miller of Philadelphia, who shared the runner-up position at 81.

Shooting in four holes in a brilliant stroke-hole streak midway through her 18-hole qualifying round, Miss Suggs coasted to her medalist laurels by a three-stroke edge over six-time champion Mrs. Beulah Lawson, 74, of Greenboro, N.C., 121 Peggy Kirk of Reading, O., and Helen Miller of Philadelphia, who shared the runner-up position at 81.

# Paul Galico

Says:

Consider the oddity of the plight of the great North American wife, mother, housewife and sweetheart. She is undisputed ruler of millions of Canadians and Americans, operator of one of the tightest machines known in history, boss of the low income worker and of all the bosses, the iron hand in the velvet glove, giver of life, love and pocket money, arbiter of purchasing power.

GALICO

But, she has little or no say in the one thing that should concern her the most—the length, cut, style and design of the clothes she wears and the absurdity of the collection of skimmers that is trotted out each year for her to wear on top of her head or pulled down over her shell-like ears.

## Hits Family Purse

And this is an attack upon the family purse as well as how she will look in the new get-up, because usually a change in style means a whole new line of clothes and if you have stuck your head under a lady's garment since recently, you will know they are giving anything away. Here is some blatant male strategy behind a trade name or some French-sounding name for a new line of clothing. Mr. J. M. Aird, president of the J. M. Aird Co., says that he is giving anything away. Here is some blatant male strategy behind a trade name or some French-sounding name for a new line of clothing. Mr. J. M. Aird, president of the J. M. Aird Co., says that he is giving anything away.

## Decreed by Men

If these horrors were perpetrated upon by fellow females, one might understand their acceptance. But for the most part, they are decreed by men. They are decreed by men who are to wear and how funny they are to look are decreed by parties who effect trousers and shave, and who, by and large, seem to be immune from the same edge against the female sex. They are decreed by men who are to wear and how funny they are to look are decreed by parties who effect trousers and shave, and who, by and large, seem to be immune from the same edge against the female sex.

# Favor Homes At Low Cost

Alberta branches of the Canadian Legion have for a long time backed the Legion's Home Ownership program for low income veterans currently being discussed at the annual Ontario Provincial Command conference of the Legion being held in Windsor, Ont.

This was stated Tuesday by Jack Price, Winnipeg housing expert and Legion member, who was working for many months preparing the Legion plan of construction for veterans. All Alberta branches have endorsed the plan. The plan calls for a 30 per cent government loan on the purchase of his land and buildings complete with municipal services.

The Ontario Legion has expressed the opinion that the implementation of the plan would be to the housing shortage of Canada that any other measure.

## U.A. Registrations Show Decrease

Figure released Tuesday by Registrar Geoffrey B. Taylor for new students registering at the University of Alberta shows a decrease of about 25 per cent in comparison with 1944 registrations.

Following is a comparison of student registration for this year and for 1944: Agriculture, 1944—1945: 1,341; Applied Science, 1944—1945: 1,341; Arts and Sciences, 1944—1945: 1,341; Commerce, 1944—1945: 1,341; Education, 1944—1945: 1,341; Engineering, 1944—1945: 1,341; Law, 1944—1945: 1,341; Medicine, 1944—1945: 1,341; Pharmacy, 1944—1945: 1,341; Theology, 1944—1945: 1,341.

Total registration for 1944 was 804 for the first year, while for 1945 it was 604.

## Retiring Officer Reception Guest

Maj.-Gen. F. F. Worthington, CBE, MC, MM, ED, said "farewell" Monday night to his military career at a reception given for him by the branch of the United Services Institute in the course of an informal dinner at the Prince of Wales Hotel.

Sydney Wood, KC, president of the institute, expressed the regret of the members of the institute and their wives.

Maj.-Gen. Worthington voiced his regret that he was leaving the service and his deep regret that he was leaving Edmonton. He had enjoyed his service in this command more than any other post he had held in the past.

## Engineer Unit Drafts Program

The 25th Field Coy. Royal Canadian Engineers, Reserve Army, is preparing a training program for the winter season.

This unit has been formed to perpetuate the honors and traditions of the 25th Field Coy. which unit lost its identity during the Second World War.

Under the command of E. H. Wright the company is well equipped with all the varied plans in addition to its regular training covering maintenance, including the construction of the new famous Bailey Bridge, the unit is now preparing to undertake a holiday trip.

This will be followed out with a variety of projects and used for training of various classes of tradesmen.

The 25th Field Coy. Reserve Army parades every Wednesday at 7:30 p.m. at the Prince of Wales Hotel and will welcome any ex-servicemen or any new members who wish to take an active part in this interesting branch of the service.

Those desiring to matter not one fig to them.

## No Explanation

Well, I cannot explain it. I mean, you call your attention to it and point out that if you are a misanthrope and genuine woman-hater, you would not want to have taken over the war on this continent, there is still one way you can get it. If you can dream up a silly but, or an uglier dream, the girls are stuck with today. By George, you can get away with making them wear it.

Who met? Not on your life. I like our matrimony just fine.

## Safety Zone Finds Wallop by Auto No. 13 Definitely Unlucky

To a superstitious person 13 is an unlucky number and to the safety zone, Mr. Neville Jackshaw, 1340 8th St., was the driver of car No. 13. The concrete block of the zone was believed to have been moved several feet from its original position and the red blinker was smashed. The above scene shows an Edmonton Bulletin reporter viewing the "safety zone" sign, wondering if it means what it says.

## Congratulations

Mr. D. W. W. Cross, minister of health and public welfare, who on Tuesday was the recipient of many congratulations on his 56th birthday. Born at Barrie, Ont. During the First Great War he served as a medical officer with the Canadian Expeditionary Force. Elected for the House of Commons in the provincial general election of 1935, he became a member of the first Social Credit cabinet. He has been a member ever since that time, being re-elected to the Legislature at the general elections of 1940 and 1944.

## Disease Reveals Slight Increase

Twenty-seven cases of communicable diseases were reported to the city health department during the week ended Sept. 22, compared with 25 the previous week according to a report filed with the city medical officer of health.

There was an increase of 10 in the number of whooping cough cases, a decline of two in chicken pox and measles, and one in the number of mumps and rubella.

The productive D-3 zone was reached yesterday by drillers working on Imperial's No. 13 well.

The drilling rig of Can-Tex Drilling Company which pierced the Devonian for Imperial's No. 13 well was being prepared for production and No. 13 responded positively as a commercial well on a drillstem test at the D-3 level at interval 4-362 to 5,000 feet.

PERHAPS No single form of mechanical apparatus in Alberta is in more constant use than a drilling rig in the Leduc sector of the Edmonton oilfield. With only a respite of the time it takes for removal to another site, rigs in the producing area grind their way to the Devonian depths 24 hours each day throughout the year.

## New Well Producing

## 12th Straight Success Recorded by Imperial

Information available Tuesday revealed that Imperial Oil Limited's No. 14 well yielded a substantial gas blow and a fine rise of oil. The No. 12 well blew in Sunday and the No. 13 well is expected to blow today. The positive showings in 11, 13 and 14 mean definite producing wells and with No. 12 already in the quartet which yielded all within the same week is considered a production record in the early history of the Edmonton oil fields.

IMPERIAL'S LATEST crude oil producing well, Leduc No. 12, forced 209 barrels of 40 specific gravity oil through choke control in the 24-hour period up to 7 a.m. Tuesday and is considered by officials to be among the foremost of their present battery of nine flowing wells.

The No. 12 (cored into production late Sunday) well No. 13 was being prepared for production and No. 13 responded positively as a commercial well on a drillstem test at the D-3 level at interval 4-362 to 5,000 feet.

## To Speak Here

The Hebrew University in Jerusalem, will be the subject of an address to be given by Dr. Richard F. Lachman, author, research fellow of the university, at the Talmud Torah Hall on Sunday, Sept. 23, at 8 p.m. The speaker will be Dr. Lachman, who will remain until Oct. 1, at the Hebrew University in Jerusalem.

Annual general meeting of the Canadian Council of Radio Industries and Service will be held in the club house, 82 street and 111 avenue, Wednesday at 8:15 p.m. All residents of this district are requested to attend to discuss important business matters.

LEDCO CONSOLIDATED No. 2 at last report was running seven casing preparatory for an attempt to coax the well into production. Their No. 2 well has positive recovery in a test at interval 5,000-5,120 feet in the D2.

Central Leduc B.A. Pyle No. 1 is drilling below 1,620 feet; Home-

stead-Vareno No. 1 is 1 foot below 1,536 feet in the D1 one and will be added in huge of forcing production.

McCullough's "Toll-free" well is held up in fishing for tool 4,415 feet. Their Spotted Creek No. 1 is down below 1,224 feet. Reports from the Lloydminster sector show that the service and production is also heavy in that rich area.

## Six-Year-Old Sings Hymn For Dying Tot

MACON, O. Sept. 23.—(AP)—Linda, McInnes, 6, stood before a recording microphone and sang as she never had before.

"Jesus loves me I know, 'For the Bible tells me so.' These were the words of the famous hymn for children—words best loved by little Carolyn Robb. A dying of cancer at Decatur, Ill.

"Carolyn, her name is Linda," said Linda on the record, "I used to sing with my little brother over the radio."

"I hope you're feeling ever so much better, Carolyn, and now I'm going to sing you a little lullaby."

Linda then sang the Brahms' Lullaby.

Carolyn's story was told by newspapers. She was suffering from cancer at the base of the brain and doctors agreed her case was incurable.

Before Carolyn dies, the story said, her parents wanted to find a recording of her favorite song, "Jesus Loves Me."

Record albums were searched but the hymn was not there. Linda, hearing her mother read the story, wanted to sing for Carolyn.

## U.S. Plans Tests Atomic Defences

WASHINGTON, Sept. 23.—(BUP)—The U.S. Army revealed plans today for elaborate tests to determine how strong and deep underground defense installations must be to withstand pounding by atomic bombs.

Li-Gen. Raymond A. Wheeler, chief of engineers, said arrangements were being made for sub-surface tests with up to 250,000 pounds of TNT—a charge that would cause about one-fifth the rated explosive power of the atom bomb.

The tests will be staged at the Dupuy proving ground near Salt Lake City, Utah, and at other points in the same general area. Details for the tests were not announced.

The experiments will be divided into three categories:

1. Explosions against structures buried under various types of soil.

2. Detonations against defenses unburied in different types of rock.

3. Surface blasting of a windowless structure which might be built to offer limited protection from the explosion and radiation effects of the atom bomb.

## Uncle of Child Held for Murder

ROCKVILLE, Md., Sept. 23.—(AP)—George, uncle of a 11-year-old Isabella Mallon, who disappeared from her Philadelphia home Sept. 6, was arrested last night on a murder warrant. Berling Mallon, the girl's father, identified clothing on the badly decomposed body of a young girl found last Saturday as that worn by Isabella when she disappeared.

Americans loudly dispute Ottawa claims that Canadian tax rates on smaller incomes are now lower than theirs.

## Surgeon Dead

DANFORTH, Conn., Sept. 23.—(AP)—Dr. William Seaman Bainbridge, 77, internationally known New York surgeon, gynecologist and specialist in the field of military medicine, died Monday.

## Florida Menaced By New Storm

MIAMI, Fla., Sept. 23.—(AP)—Florida's newest tropical storm, tame compared with last week's disastrous blow, edged slowly inland from the west early today, apparently carrying its greatest threat in copious rains rather than destructive winds.

The United States weather bureau reported steady winds up to only 40 miles an hour, one-third the velocity that raked the peninsula six days ago.

Several Florida west coast cities reported hardly more than breezes as the disturbance moved north.

The disturbance moved north from the Gulf of Mexico and emerged around noon into the Atlantic near Daytona Beach.

The weather bureau said its fury might intensify when it touched open water again.

Its most acute menace apparently lay over the rich Okeechobee mucklands where the inhabitants already struggling wearily with relentless water from earlier down-pours. Farmers, business men, Jamaican laborers and convicts worked side by side to patch canal dikes and stay the rising water from four levees and 30,000 vegetable growing acres.

## Japan Will Build Bots for Soviet

TOKYO, Sept. 23.—(AP)—Japan signed a contract Monday to build 100 wooden tugboats and 75 barges for Russia. Allied headquarters foreign trade divisions said the craft would be used in the harbors of Sakhalin.

The division also announced Japan had signed a contract to purchase 25,000 metric tons of Sakhalin coal from the Russians.

## Distribute Flour

PARIS, Sept. 23.—(Reuters)—One hundred tons of Canadian white flour were distributed to the population of Troyes, 90 miles southeast of Paris, on the occasion yesterday of a Franco-Canadian ceremony commemorating the 10th anniversary of the founding of Montreal by Paul de Chomedey, Marquis de Maisonneuve, who emigrated from a village near Troyes.

## Privy Councillor

CHIEF JUSTICE RINFRET

## Rinfret Becomes Privy Councillor

OTTAWA, Sept. 23.—(CP)—Prime Minister Mackenzie King announced last night the appointment by the King of Hon. Thibault Rinfret, 58, Chief Justice of Canada, to the Imperial Privy Council.

(A simultaneous announcement was made in London.)

The prime minister said the British government had advised that the King had been "graciously pleased" to approve of the appointment of Chief Justice Rinfret, who also acts as deputy governor-general.

The appointment, which carries with it the title "Right Honorable," brings to 14 the number of Canadians both resident and non-resident in Canada who are members and entitled to sit on the King's privy council for the United Kingdom if called into attendance.

The members resident in Canada are the prime minister himself, External Affairs Minister St. Laurent, Agriculture Minister Gardiner, Justice Minister Lasker, Reconstruction Minister Howe, Veterans Minister Mackenzie, Rt. Hon. Vincent Massey, former Canadian High Commissioner to the United Kingdom, Sir Lyman Poore Duff, former chief justice, Rt. Hon. Arthur Meighen, former Conservative prime minister, and Sir William

## Child Is Born To Polio Sufferer

ARKON, O. Sept. 23.—(AP)—A 34-year-old woman under treatment for poliomyelitis has given birth to a six-pound boy, children's hospital reported Monday.

The hospital treated a large number of polio patients here in the state's most serious outbreak this year. Mrs. Margie Poole, 34, is said to have been in the hospital last night when the child was born. Dr. M. E. Davis reported he probably could display no signs of the disease.

## An "Incident"

NEW YORK, Sept. 23.—(CP)—It might be the makings of a new international situation but a New York newspaper headlined a weather story this way:

"Cold air from Canada damages U.S. crops."

Thomas White, one-time Conservative finance minister.

Native Canadians who are members but now are not resident in Canada are Dr. T. J. MacNamee, Lord Beaverbrook and Lord Greenwood. The late Viscount Bennett also was a member.

## Claxton Returns From Australia

OTTAWA, Sept. 23.—(CP)—Commenting on his five-day flight from Australia, Defence Minister Claxton said on arrival last night that "it is our hope that a preliminary conference on the Japanese peace settlement will be held within the next few weeks."

He added that it also was hoped that the Japanese treaty may be concluded early next year.

Fresh from the commonwealth talks in Canberra which considered questions concerning the Japanese settlement, Mr. Claxton indicated that the preliminary conference, which would prepare for the full-scale peace conference may be held in New York.

Members of the 11-nation Far Eastern commission, which includes Canada, would be invited to any preliminary conference.

Mr. Claxton said that Canada is strongly in favor of the United States proposal that the procedure for the Japanese peace conference be based on a two-thirds majority rule in the voting with no veto power by the big powers permitted.

## World Famous Austins FOR CANADA

New 1948 models will arrive shortly—they are cars of the three essentials—Beauty, Economy and Perfect British Manufacture. Dealers are being selected.

## Three Lines of Hose Used To Subdue Flames

## Loss \$15,000 in 95 Street Fire

Clouds of heavy inky smoke were sent streaming skyward at about 7:45 p.m. Monday as fire, believed to have started around asphalt

boilers, heavily damaged the City Asphalt Plant, between 104 and 105 avenues and 95 street, causing an estimated loss of \$15,000.

THE HEAVY BLACK smoke, which was seen in almost every section of the city, brought thousands of citizens to the scene.

Believed to have started around an asphalt boiler on the second floor at 7:45 p.m., the fire was under control at 8:15. Three pump wagons, one ladder and three lines of hose from Nos. 2 and 8 fire halls answered the call, under Fire Chief James MacGregor.

Starting around boilers, the fire caused damage to the mixing kettles, but the boilers and power plant on the south end were not damaged. Police reported

that no one was injured as a result of the smoke or flames.

Two huge asphalt tanks, which contained about 4,000 gallons of asphalt were saved before they could blow up.

At 2:05 a.m. a second call of fire breaking out in the plant was reported. One rig from No. 2 and two rigs from No. 5 halls responded under District Chief Robertson. The small blaze was quickly put out.

According to city engineers, the paving plant turned out asphalt mixtures during summer months, and the heating of sand for slippery streets is carried on during the winter months.

The damage will tie up paving operations for the remainder of the year. A. W. Haddow, city engineer, said the plant was erected in 1912, costing \$20,000. All property is insured.

Good work by the firefighters saved a number of buildings immediately surrounding the asphalt plant. Fire Chief MacGregor stated: A huge building containing the stables, plant and machine shops is located about 100 feet from the plant.

According to Mr. Haddow, "the fire must have started in the asphalt kettles." These kettles are gas fired, but the tanks had not been fired five or six hours prior to the fire.

It was fortunate that no wind spread the blaze, the fire chief said.

Police said Tuesday morning that the last employee left the plant at 7 p.m. The sound alarm was sent in by the night watchman John Zaykowski.

At 2:05 a.m. Above is a scene during the blaze as firemen poured thousands of gallons of water from three lines of hose on the flames, and into the building.

## Ruin to Metropolis

ReBirth of Warsaw  
Is Europe Miracle

WARSAW, Sept. 23.—(AP)—Warsaw is the Lazarus of European cities. The stone desert along the Vistula throbs again with life.

NO WORDS OR statistics can describe the miracle that has touched Poland's capital since Soviet and Polish troops mopped up the last German resistance in January, 1945.

It lay, then, a fire-ravaged, dynamite-battered, baroque city from the people's revolt in the previous summer still blocked the smoke-covered streets. Crude wooden crosses marked the sidewalk graves of Polish dead.

A lend-lease Red Army truck, when the Russians had given to the Poles, carried one foot rule through the dusty welter of ruins. The sight was the same as in other cities during the war in other countries.

THE RECONSTRUCTION of this capital is the Poles' greatest achievement since the war.

Before the war, there were 500,000 habitable dwellings in Warsaw and the population approached 1,000,000. When the Germans left, there were 400,000.

Western countries experienced the "tentative" city which was given full vent in the East. By methodical demolitions without any military importance, the Wehrmacht in Warsaw in rubble while the SS was burning the last of 2,500,000 in the crematoria of Auschwitz.

But 500,000 Poles have come back to the city which was once a foreign conqueror in history has failed to break. Praga has been rebuilt. By 1950 the total again may reach 1,000,000.

Expect Britain  
End Food Subsidy

By JAMES MCKOOK

LONDON, Sept. 23.—(AP)—The British government's promise of ending food subsidies in 1950 is expected to be a part of the government's economic program.

During the war and after, food subsidies have been a major factor in keeping wages and prices low. They have cost the government £1,000,000,000 annually.

If they are ended, workers would pay more for their food and some of the cost would be drained off.

Another anti-inflation step would be the imposition of direct taxes on a wide range of goods in the anticipated autumn budget to be introduced by Hugh Dalton, Chancellor of the Exchequer.

Subsidies have applied to all food essentials. Food ministry figures show that Canadian cheese, now sold at 10 pence (about 25 cents) a pound, would cost one shilling steady (about 25 cents) without subsidy help.

Religion Revival  
"Hope of World"

YORK, England, Sept. 23.—(AP)—Despite the "darkness" of the present situation, the Christian world "must never give up hope of a religious revival in the future," Dr. Cyril Garbutt, Archbishop of York, said Monday.

"Never has there been greater passion for social justice," Dr. Garbutt said in an address. "We must not underestimate the hope and idealism which inspire so many of the younger men who see in the sufferings of the age the coming to birth of a new order."

"From one point of view the present international situation could not be painted in colors too somber."

"But... The repeated attempt to create some international organization which may succeed in substituting reverence for international law instead of reliance on the sword and brute force is one of the most hopeful signs of our age."

Montreal Tickets  
Street Car Drivers

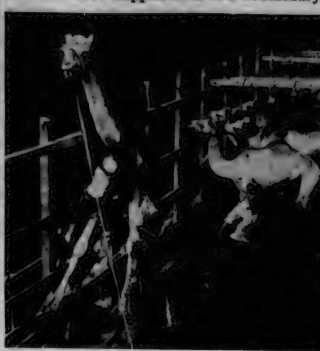

MONTREAL, Sept. 23.—(AP)—With a police campaign against traffic violators gaining momentum, the number of street car motormen receiving traffic tickets has increased sharply in the past six weeks, it was disclosed Monday. The rate has surpassed 100 a day.

## This Shouldn't Happen Even to a Dromedary

Uppendy goes one of a group of 30 dromedary caravans from the dock of the British motorship Trevelick at Brooklyn, N.Y. They arrived from the interior of East Africa consigned to Benjamin Lenoir, New York and will be distributed to 31 men throughout the U.S.

He Was Raised as Girl  
Bachelor, 85, Still Clings  
To Female Attire of Youth

CHARLTON, Ont., Sept. 23.—(AP)—"I called Jesse Reid, 85-year-old bachelor, has worn anti-leopard shirts, bangles and bonnets all his life—because his mother decided to raise her child as a girl."

Reid has worked as a lumberman, farmer, construction hand and railroad fireman, but he has always refused to shed his long skirts, frilled sleeves and bonnets all his life—because his mother decided to raise her child as a girl.

Winnipeg Fire  
Chief Dismissed

WINNIPEG, Sept. 23.—(AP)—Fire Chief Donald A. Boulton was dismissed from his post as head of Winnipeg's fire department last night by the city council on a recorded vote of 14-2. No reason for the dismissal was given.

Chief Boulton was appointed in 1932. Chief Boulton was appointed in 1932. Chief Boulton was appointed in 1932.

Italy Reds Seek  
Test Government

ROME, Sept. 23.—(AP)—Italian Communists and Socialists, shifting their strategy from the public squares to the floor of the Constituent Assembly, Tuesday will seek to bring down Premier Alcide De Gasperi's Christian Democratic government with a no-confidence vote.

Palmito Togliatti, Communist leader, and his Socialist ally, Pietro Nenni, were expected to fire the opening shot in the assembly's attack on Saturday with country-wide rallies blaming De Gasperi for Italy's economic plight.

Observers predicted the debate would serve to tie up the cabinet in a mounting assembly wrangle rather than defeat the government, says De Gasperi can still count on support with the majority of Italian voters.

Italy's Communist and Socialist leaders, expected to fire the opening shot in the assembly's attack on Saturday with country-wide rallies blaming De Gasperi for Italy's economic plight.

At Caters' Meet  
Suggests Training  
Of Restaurant Help

Although millions are spent on teaching people how to feed cattle and dogs, not one dollar is spent on training persons to feed human beings, David E. Campbell, publicity director for the provincial fair bureau, said in an address to delegates at a Canadian Restaurant Association conference in the Macdonald hotel Monday night.

Mr. Campbell spoke at a banquet gathering that terminated the Edmonton conference, sponsored by members of the Edmonton branch of the association.

STATING THAT the subject of his address might well be "the catering industry," the speaker said he was merely asking questions that arose in his own mind about restaurant and food catering. He was not in any way outlining government policy.

Harold E. Merrick, president of the Edmonton branch of the association, was chairman.

Mr. Campbell said he felt that no profession or calling can exert so much influence for "good or evil" as food catering.

He felt there is possibly a need for establishing a new relationship between patrons and management in Alberta restaurants so that visitors from afar will be more attracted to this province.

It suggested that the patron become a guest instead of a customer and the caterer a host instead of a houseman.

Mr. Campbell said that the role of the restaurant man is to make the guest more important than that of the mayor, food caterer can give a city much advantage.

HE HAD TALKED over the subject of restaurants with the city medical health officer, new lines, and the latter told him the situation here is a very delicate one.

Other speakers were President Earl R. Nichols, London, Ont., and George S. Houghton, Toronto, managing director.

Miss Bernice Mellett, manager of the Liquor Control Commission, spoke at the afternoon business conference on restaurant problems and new devices that improve service.

He described new electrically heated tables for use in kitchens and restaurants, stainless steel pots and pans replacing china crockery.

Breakfast Food  
Prices Go Up

WINNIPEG, Sept. 23.—(CP)—The price of macaroni, noodles and breakfast foods increased today in the Winnipeg area. Following last week's decrease of flour prices, the price of macaroni and other edibles and cereals was up. The price of macaroni (10-lb. cans) increased from 10 cents to 11 cents. The price of flour (10-lb. bags) increased from 10 cents to 11 cents. The price of macaroni (5-lb. cans) increased from 5 cents to 6 cents. The price of flour (5-lb. bags) increased from 5 cents to 6 cents.

Macaroni jumped three cents to 10 and 11 cents a five-cent package. Flour increased three cents for each five-cent package and breakfast cereals rose one cent for each 12-ounce package. Some cereals, produced a four-cent increase in the latter before the end of the week.

Organized publicity could result in a lot of trouble, he thought. Mr. Campbell continued by saying that the restaurant man has the power to attract thousands of tourists to Alberta.

Mayor Harry Allen, welcomed the delegates in a brief address. The role of the restaurant man is to make the guest more important than that of the mayor, food caterer can give a city much advantage.

HE HAD TALKED over the subject of restaurants with the city medical health officer, new lines, and the latter told him the situation here is a very delicate one.

Answer will be found in List No. 3.

ENJOYABLE  
PROFITABLE  
EDUCATIONAL

### WHAT TO DO IN ORDER TO WIN A PRIZE

#### DESCRIPTION OF CONTEST

- Beginning Saturday, September 20, 1947, one drawing will appear each day in The Edmonton Bulletin. This drawing will represent a town, village or place in Alberta.
- Lists will be published in the paper underneath the contest drawings giving the names of places from which the drawings will be selected, and it will not be necessary to use maps or an atlas in connection with the contest. The published lists are all that is required, and you are strongly recommended to cut out these lists each day and keep them, together with the puzzles, as they will be found very helpful in solving the puzzles.
- Clues will be contained in each drawing as to the correct answer. These clues may consist of phonetic spelling of the name of the place, a situation depicted in the picture which suggests either part or whole of the place, or some other indication which will help in solving the answer.
- The correct answers will be easy to find if you follow the clues, but study each puzzle carefully. Do not try and make an easy answer difficult, but on the other hand, each picture should be carefully studied so that you will not miss any indications in it which point to the correct answer.
- All drawings are intended to test your skill and ingenuity, and not to try and trick you.
- The contest will be divided into two classes, namely adults, and children under fourteen years of age. Each class will be judged separately, and different prizes awarded in each class. Children naturally, will not be expected to solve all of the puzzles, and for this reason, they have their own class where they are not in unfair competition with adults. Children under fourteen years of age will not be eligible for prizes in the adult class, and of course, adults will not be eligible for prizes in the class for children.
- Adults and children will be allowed to submit as many entries as they wish so long as each entry is accompanied by a complete set of puzzle drawings or reasonable facsimiles of same. Please pay particular attention to notice on this page headed "Shortage of paper." Full details of how to send in your entries will be published at the end of the contest. All puzzles must be held until that time and not forwarded to The Bulletin office until requested to do so. Entries received at this office before the official date for sending them in will be disqualified.
- Lists of the names of the cities, towns or places from which the drawings will be selected will be printed each day until the list is exhausted. Approximately thirty lists will be published. These lists will be numbered, and you are strongly recommended to retain these lists with your puzzles as most of the puzzles will indicate what list or lists the correct answer may be found in.

#### TERMS AND CONDITIONS

Any person, by entering this contest, agrees and understands that it is a contest of individual effort and that the buying or exchanging of answers automatically disqualifies such contestant from winning a prize.

Any adult contestant, as a condition precedent to being awarded a prize, will be required to sign and execute under oath an affidavit attesting that he or she has not bought or exchanged answers to the contest. Children will be requested to execute a similar instrument but not under oath.

Each contestant agrees to accept as final the decision of The Edmonton Bulletin on all matters affecting the contest, including the judging of answers, the establishment of time limitations, disqualification for any cause deemed necessary, the interpretation of these rules and any regulations that may be announced by the officials of this contest. No answers will be returned.

Entries that are unsigned or illegible will not be considered, nor will The Edmonton Bulletin be responsible for entries or communications lost or unduly delayed in the mails.

ANSWERS TO PUZZLES IN THIS CONTEST ARE KNOWN ONLY BY THE CONTEST EDITOR AND ANYONE OFFERING FOR SALE OR OTHERWISE ALLEGED ANSWERS TO THIS CONTEST IS MERELY OFFERING HIS OWN IDEAS OF WHAT THE CORRECT ANSWERS MIGHT BE.

#### PRIZES

Prizes will be awarded by The Edmonton Bulletin in accordance with the published schedule of prizes to those contestants who achieve the highest scores. All puzzles score the same number of points for correct answers. NEATNESS DOES NOT COUNT. DO NOT DECORATE YOUR ANSWERS. Legibility of answers is essential but this merely means writing or typing your answers so that the judges may be able to read them. In case two or more contestants are tied for a certain prize, just what particular prize each contestant may be entitled to will be determined by submitting to each tied contestant a set of tie-breaking puzzles, and if necessary, a second, third or fourth set of tie-breaking puzzles. Prizes will be awarded on the basis of the highest scores, in accordance with the scoring regulations governing such puzzles. At the discretion of The Edmonton Bulletin, contestants may be required to solve tie-breaking puzzles, without assistance, in the office of The Edmonton Bulletin.

In case of final ties, prizes will be divided among the tie-breakers. Spelling of places as published in daily lists will be official for contest purposes.

#### CASH PRIZE LIST

1st Prize	\$1,000.00	Cash	11th Prize	40.00	Cash
2nd Prize	700.00	Cash	12th Prize	35.00	Cash
3rd Prize	500.00	Cash	13th Prize	30.00	Cash

4th Prize	20.00	Cash	13th to 16th Prize	3.00	Each
5th Prize	15.00	Cash	17th to 116th Prize	\$1.00	Each
6th Prize	12.00	Cash			

#### TIME OF CONTEST

The contest will start on September 20, 1947, and the last drawing will appear on February 28, 1948. Full details will appear after that date as to sending in entries, and you are once again reminded not to send in entries until requested to do so. This contest has been timed to provide entertainment during the winter months, and in addition, to provide everyone with an equal opportunity of winning valuable cash awards.

#### ELIGIBILITY

The Edmonton Bulletin "Know Your Alberta" contest is open to all residents within the Province of Alberta and the B.C. Block of the Peace River District, and also all residents of the N.W. Territory.

There are no entrance requirements nor any qualifications for participation in the contest other than those separating adult entries from those of children. It will be appreciated that young children should have prizes of their own apart from the fun and education which they will derive from the contest.

Employees of The Edmonton Bulletin and members of their families will not be eligible for any prizes. No person may win more than one prize.

Original drawings as published in The Edmonton Bulletin or hand made facsimiles of the drawings will be accepted. Drawings produced by the use of some multiple process, such as mimeograph are not acceptable.

#### Enquiries Concerning the Contest

The Contest Editor will answer all letters addressed to him concerning the contest provided the questions do not relate to clues for finding the correct answer to any puzzle. Telephone calls or requests for personal interviews will be rejected.

#### SHORTAGE OF PAPER

Do not be disappointed, but act now and telephone 26121 or 21378, Circulation Department, and order your papers for delivery or if you live out of town, mail in your subscription today, or place your order with the local delivery carrier. Acute paper shortage forces us to publish this notice as we do not want anyone to be disappointed.

Paper is still in very short supply. It will not be possible to retain many back copies of the paper for sale. To accommodate any readers who may lose individual drawings, a limited supply will be printed and sold for five cents for each drawing as long as they last, but you are urgently requested to place your order for the number of copies you require of each day's paper as we cannot guarantee delivery of these drawings.

YEAH? WELL?

**GAS ALLEY**  
I'VE DECIDED TO MAKE YOU MY FRIENNER!  
GOLLY THANKS, ROSE!  
I'VE DECIDED TO MAKE YOU MY FRIENNER!  
GOLLY THANKS, ROSE!

**ARCHIE**  
WELL HIT THE SILK KID - HERE COME VERONICA!  
FOR ONCE, I'M PLAYING SOLO WITH CONNER ARCHIE!  
RONNIE! YOU'RE GOING TO JOIN THE CHEER LEADERS ARE YOU?  
TEE HEE ZZZ! YOU'RE AFRAID ARCHIE WILL GIVE HIS CHEER LEADERS TO THE WRONG WOMAN!

**FRECKLE**  
STAND BACK! YOU WANT TO MISS MY HAIR?  
TELL US ABOUT LARD!  
COME ON, SORROW-HEAD, GIVE!  
WELL, AFTER I GOT MY HAIR CUT, I GOT MY HAIR CUT, I GOT MY HAIR CUT.

**RIP KIRBY**  
GOSH, STUBBY! HE'LL KICK WITH THAT CHASE!  
NAN! THIS IS TOO GOOD! LET'S GO!  
HOW LONG WERE YOU SUPPOSED TO PRACTICE?  
HALF AN HOUR!  
WHAT ARE YOU SCRAMMING FOR? TEN MINUTES TO THE GOOF!

**AROUND HOME**  
I HOPE I GET A JOB TODAY!  
FOR HIRE BABY SITTER!  
FOR HIRE BABY SITTER!

**STEVE CANYON**  
THANKS TO OUR FRIENDS IN THE SWELL AIRPLANE, WE'RE HERE TO HAVE GLEANED OUT OF THIS SCENE! BUT NOT OFF, EH, STEVE?

**ORPHAN ANNE**  
GAY VARS BEST! I WANT YOU TO GO TO THE STORE! BUT NOT OFF, EH, STEVE?

**ALLEY OOP**  
I'VE BEEN A PRODIGY HOUSE.  
WELL, MY STOUT CALM TON MORNING! I'VE BEEN A PRODIGY HOUSE.  
WELL, MY STOUT CALM TON MORNING! I'VE BEEN A PRODIGY HOUSE.

**SMITTY**  
SURE, THAT'S SURE!  
IT'S ONLY A HOUSE!  
YOU HAD ME ALL EXCITED OVER THAT? WELL, THAT'S THE LIMIT!

OUR BOARDING HOUSE -- by Gene Ahern

IF YOU EXPECT TO LOAF AROUND THINKING WITH THAT GOOFY FLYTRAP AND FEEDING THAT WRESTLER WHO FALLS OVER EDGE PILLOWS, LET ME TELL YOU: MARTHA, MIDDLE GARDINO BOTH SAY NO!  
PATIENCE, MARTHA, MY DEAR, JUST A BIT LONGER? I'M ON THE BRINK OF THE COLOSSAL! IF THIS DEVICE FRANKS OUT--LMA, I HOPE TO NO LONG A DOZEN CHINCHILLA LOUNGING ROBBER!

SIDE GLANCES -- by Galbraith

Remember when we promised Dorothy some money if she'd start saving? Now she says we owe her \$15 for staying away from the beauty shop six weeks!

OUT OUR WAY -- by J. R. Williams

OH, A FAMOUS OLD LANDMARK, NINE BOYS AND COLBERT SHERRY ARE HERE CHOPING HUNG OUT! YOU'VE HERE AND TAKE THE PLACE! IT'S ALL I'LL BE GOOD FOR ANY MORE!

Points for Parents

Not This: Father: "That boy of mine's a born leader. Just watch him - he always makes the other children play exactly what he wants to."

This: Father: "You chose the game yesterday, Son. It's someone else's turn today. He can be the one to choose all the time."

GALS AGLEE -- by E. Simms Campbell

There's the doorbell-quick, hand me my lipstick-and a robe!
